The Federation Of Educational
Publishers In India

Modern Publications was established by Mr. Ashok Kumar Sharma in 1975 with a very modest beginning. It started with just two titles. It has now grown from strength to strength in the last 49 years. Modern Publications, a producer of quality school text books has around 350 titles catering to the needs of school children from kindergarten to class X. All these books are written and edited by experienced, subject experts and learned teachers who have seen to it that the syllabi prescribed by NCERT, CBSE and ICSE are adhered to. Many more books are in the pipeline for production.

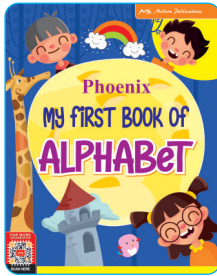

We, at Modern Publications aspire to see every Indian child educated and we hope to provide quality and affordable books to all the children irrespective of their economic or social status.
